To Whom It May Concern:

Advocates of Ozaukee was honored to have Mike as the keynote speaker for the 2006 Ozaukee County Youth Conference. His presentation entitled, "Can I Kiss You," was exceptional. Our entire agency would recommend Mike highly to other schools and organizations.

Issues surrounding sexual assault are very sensitive and rarely talked about topics, especially with adolescents. Mike not only educated students on a level with which they could relate but he really got the students involved in his presentation. I feel that his interactive approach with students is what sets him above other presenters.

The feedback from students and teachers was very positive. Students stated that they could have listened to Mike talk all day and would love for him to come back for the next conference. This is something that we here at Advocates of Ozaukee could not agree with the students more about. We will definitely have Mike back for a conference in the future.

Sincerely,

Mary Knetter
