

Dear Mike,

July 11, 2007

Thank you Mike, for coming and presenting your amazing program "Can I Kiss You," to our students here at Cal. State Long Beach. Mike, you presented a dynamic program for our students that they all needed to hear. We received very positive feedback from the over 400 in attendance that night. I want to thank you for stepping up from your experiences and being an advocate on such a sensitive topic. Your program is invaluable and you presented this important message in a style which engaged the audience and encouraged them to analyze the topic of "Can I Kiss You".

You also did a wonderful job of creating a comfortable forum for discussing a sensitive issue after your speech. This made the overall message much more powerful for us to talk about and grow from together as a campus community.

It was truly a pleasure working with you Mike, and I look forward to inviting you back to Cal. State Long Beach again.

Thanks again,

Candice P. Chick, M.A.

HOUSING AND RESIDENTIAL LIFE

February 7, 2007

To any university which is considering utilizing Mike Domitrz as a speaker or as the centerpiece of a program targeting sexual abuse, I would urge them to go ahead and make Mike their choice. He recently spent an evening on our campus and I give him my highest recommendation. He is high energy, knowledgeable and relates well to students. He manages to both educate and entertain. He spoke to over 500 of our general campus community for over an hour and no one left. I think that speaks volumes about his ability to reach out to students.

Later in the evening he gave his "Train the Trainers" program to a group of our Resident Assistants. He was a smash hit! He was able to talk with them in a very interactive way about important issues they actually have to deal with. It was gritty, funny, real, down to earth, serious and everyday practical. He had real suggestions they could use the next day. In short, he was very effective. I thought this training session was the best we have ever had.
