February 27, 2004

Dear Mike,

On behalf of Hiram College and F.I.S.H. (Free Information on Student Health) I wanted to thank you for your performance on Wednesday, February 10, 2004. As the pinnacle to our Sexual Responsibility Week, you provided a great balance of education and entertainment on the topic of dating, communication, and sexual assault.

We received a great deal of positive feedback from your visit and have had many people ask us about bringing you back for next year. I have no doubt we will be in touch and look forward to bringing you back on campus in 2004-2005.

Thank you again for your highly energetic, personable, and meaningful talk on such highly volatile issues on our campus.

Sincerely,

Amy Wilson  
Director of Campus Involvement  
Hiram College
