Dear Mike,

Thank you for your recent presentation at Hofstra University. "Can I Kiss You?" was a huge success. I was very impressed by your ability to quickly engage the audience particularly an audience comprised of a diverse student population. The feed back I have received was all very positive and I am confident that we will be inviting you back to Hofstra University in the future. Your presentation was very powerful during the second half where you discuss your personal connection with the topic of sexual assault.

Again, I thank you for educating our students and for participation in the Freshman "Focus" program.

Sincerely,
