To Whom It May Concern:

"Wow! What a fantastic day! We were fortunate enough to have Mike Domitrz spend an entire day on our campus. Mike spoke to two of our wellness classes and had a unique and different approach for each one depending on the needs of the class and the students. We heard rave reviews from those students and faculty members, and that was only the beginning. His keynote presentation was definitely a highlight for our students and the Luther College community. Mike has a tremendous ability to touch upon important, relevant, and sensitive issues such as dating and relationships. He does it in a way that is fun and captures the attention of his audience while still having them learn in an inclusive and unobtrusive way. We thank him for a wonderful experience and look forward to having him visit Luther College again soon!"

Sincerely,
