April 28, 2004

It is with great pleasure that I highly recommend Mike Domitrz and his program "Can I Kiss You?" His unique view on dating, respect, and communication is refreshing and was thoroughly appreciated.

Mike came to Marshall, Minnesota on April 20, 2004 and presented 3 programs - 2 at our local high school during the day and 1 in the evening at Southwest Minnesota State University. Mike was able to tailor his program in length and content to meet the needs of the high school student population. During the evening session at SMSU, Mike went more in depth of the issues associated with dating, respect and sexual assault. The students were very impressed with the format and were enthusiastic participants. Mike is very engaging and the students appreciated the energetic way the information was presented. Mike's presentation offered another view on how to approach dating situations. I liked Mike's approach on using the terminology of "partners" rather than boyfriend/girlfriend. Mike emphasized that respect and consent are crucial in a dating relationship.

I really appreciated Gina Kirkland of Kirkland Productions and Mike making themselves available to answer the questions that I had. Their help made a huge difference in how smoothly things ran.

The residential life staff members are very excited about the prospect of having Mike come back in the near future to do some orientation programs!

Again, I highly recommend Mike Domitrz for high school and college programs. If you have any questions, please contact me at 507-537-6817 or via email at nhcc@southwestmsu.edu.

Sincerely,
