Dear Mike and Staff of "The Date Safe Project"

I would like to thank you for the pleasure of the experience in planning and implementing this wonderful program in our schools. Working with your staff made putting this all together very easy. Mike was expert and dynamic; he clearly puts his all into his presentation. The students (grades 7-12), teachers and administration were highly entertained and impacted. I look forward to inviting him back again at a future date!

Thank You  
Sincerely,

Shawna Willis  
Counselor, educator, victim advocate
