

ST. JOHN VIANNEY SCHOOL

Dear Mike:

Below are the comments that my teachers shared with me about your presentation. Thanks for your support and willingness to impact our children in such a positive way.

In Christ's Love,

Jayme Hartmann
Principal

My impressions for the presentation titled "Can I Kiss You?" is as follows

- 1) Age appropriate
- 2) Mr. Domitrz was able to get his message through to the majority of the students ~ Some of the students from other schools made inappropriate comments ~ however, Mr. Domitrz was able to speak to those students
- 3) I feel it is better for a professional to speak to teenagers on this topic or a guidance counselor
- 4) He involved the students with various situations through role-playing
- 5) We should do this with the Junior High students every two years.
- 6) Teri should have a copy of his book so she could utilize the information

Thank you for asking us for our opinions.

I thought what he said to the students was very powerful, especially when he referred to his sister who was raped. I think that really made an impression on the kids and they listened attentively and showed respect for what he said. I hope that when the kids get in situations in high school that they will recall some of what he said.

I thought it was great and meaningful for the kids. I talked to the kids after the fact about their impressions of the talk and they all reported that it was kind of weird to talk about this stuff, but they liked the message that he was sending. This is the third time I saw Mr. Domitrz's presentation and I still enjoy it every time.
