Dear Mike,

I wanted to thank you for coming out and spending a very long day at Berkshire, Cardinal, and Newbury High Schools in Geauga County, Ohio.

The "Can I Kiss You" program could not have been more well-targeted and eye-opening for our students. You were definitely the talk of the schools for the next few days.

Often such difficult topics and concepts to address from sexual assault to what a person of *real* character is about, are simply not talked about. Further, many schools are not as direct in discussing alcohol use by high school students as talking about an 'illegal' activity is often assumed to condone it. This cannot be farther from the truth.

Your presentation informed my students, and not only challenged them to *think* differently about dating, communication, alcohol use and sexual assault, but gave them specific ways to *behave* differently. This clear and pragmatic approach is perfect for high school students.

I would like to thank you again for your presentation. You are by far the most engaging, entertaining and impactful speaker we have hosted.

Sincerely,

Karen Lackey
