

March 8, 2004

Dear Mike,

Thank you for the opportunity of having you in our school district this past week. Your topic was very appropriate for our middle level and the high school. You were able to generate a high level of discussion among our students and staff. I had no idea we would have the response we did in our open discussion meeting with the students in the seventh and eighth grade. As you know, we were also made aware of behaviors in our school that we didn't know about. I think it was an eye opener for our teachers.

The high school students, from what I observed, were also gently made aware that dating and how they treat each other is something that seriously needs to be thought about. Although you were highly entertaining, you were able to bring home a new perspective on what it means to respect the other person and their wishes. Every student needs to hear your message. It can be brought into many areas of life.

Sincerely,

Leon Bunker, Counselor  
West De Pere Middle School
